*By Laurent Torrecillas*

In 2013, when I got caught in a motorcycle accident, I was depressed for two years. Then my former coach and my friends encouraged me to come back on the court to play sitting volleyball. I used to play the normal standing volleyball before the accident.

It was the best thing that could happen to me. It changed my life and helped me to overcome my new status as a disabled person. Now that I have been playing since 2016, I participated in my first international tournament earlier this year in China for the World Super 6 and was awarded best receiver.
