Bulletin 1

12.4.1 Judge's Conference

During international official competitions, and whilst the match is in progress, a Judges' Conference can be held at the request of the Game Jury member.

The Judges' Conference holds official World ParaVolley authority to solve problems occurring during the game in order to re-establish a situation in accordance with the World ParaVolley rules and regulations. A properly conducted Judges' Conference should avoid a formal protest being lodged by a team.

A coach, or in the absence of the coach, the Team Captain or the Assistant Coach, as relevant, can refer a case to the attention of the Game Jury member at any moment of a game, as soon as he/she notices an improper situation or a decision not in accordance with the rules or regulations.

Such cases must refer to:

-  an improper decision by Referees who did not correctly apply the Rules of the Game
-  an improper decision of the Scorer who made a mistake on the rotational order, the score or generally on the score sheet

A Referee's decision that sanctions a playing action or misconduct cannot be considered a proper case.

A Coach, Assistant Coach or Team Captain who submits an improper case will be sanctioned by a warning. In case of repetition, the person will be disqualified.

The Game Jury member examines the complaint and, if he/she agrees, the Judges' Conference will be convened at the Jury table.

In the case of a complaint concerning a Referee's decision, the Jury member asks the Referee Observer and any of the Referees (including the Reserve Referee) to attend the Conference.

In the case of a complaint concerning a Scorer's decision, the Jury member asks the Referee Delegate and/or Referee Observer to attend the Conference and calls the Scorer and/or Assistant Scorer to make a report. The Scorer and Assistant Scorer are not members of the Judges' Conference.

No other person (except the Technical Delegate and the Referee Delegate) can participate in the Judges' Conference, unless specifically requested by the Technical Delegate. The Game Jury member must record all relevant information.

As soon as the issue is noticed, or a complaint is accepted by the Game Jury member, the game is interrupted.

The first referee will authorise the teams to leave the playing court and go to the bench. They are not allowed to leave the playing area. Players are allowed to use volleyballs but not the match balls in the free zone.

In the case of a complaint concerning a Referee's decision, the Game Jury member listens to the Referee who makes a report on his/her reasons for the decision concerning the application of the rules.

According to the rules, the Game Jury member decides either to reject the complaint or accept the complaint in which case the Referee's decision is overruled.

In the case of a complaint concerning a Scorer's decision, the Judges' Conference takes the score sheet and examines it in order to reach a decision in relation to the complaint. The Game Jury member can call the Statistical Evaluation Supervisor, if available.

If the complaint is upheld, the score sheet is corrected and the score is modified, if necessary.

The Game Jury member may request all information from any officials and study video tapes.

If the case is not stated in the regulations, the Game Jury member makes the decision after listening to the other members and taking into account previously known World ParaVolley principles and practices and the World ParaVolley Rules and Regulations.

The decision is communicated by the Game Jury member to Referees, Scorer, coaches, captains and the announcer who informs the spectators. If the complaint has been rejected, the game is resumed after having confirmed the Referee's decision. The complaint is rejected without sanction. (exception: See "Improper cases" under Rules of the Game 9.1.1.2).

If the complaint is accepted, the decision of the Referee or the Scorer is overruled. The game is resumed with the new positions and/or new team scores.
