

CZE

Jaromir Mourecek

I started to play volleyball as a 14-year-old boy and represented Czechoslovakia as an able-bodied player in the national team 1967-1973. I met national coach Mrs Hankova after my injury (above knee amputation in 1988). She persuaded me to start playing volleyball again but as an athlete with disability. I was setter for the whole of my playing career. It was Mrs. Hankova who had the greatest influence on my development as a player.

Events in which I was involved as a player included:

Team Czechoslovakia

1989 – European Championships (4th place)

1990 – World Championships (3rd place)

1991 - European Championships (3rd place)

1992 – Paralympic Games (3rd place)

Team Czech Republic

1993 – European Championships (6th place)

1994 – World Championships (6th place)

1995 – European Championships (6th place)

1996 – Paralympic Games (8th place)

1998 – World Championships (7th place)

Award received:

Best setter – World Championships 1990
