

ESP

Juan Pont

I started standing volleyball when I participated in the Barcelona Paralympics in 1992.

Those who had the greatest influence on my development in the sport were Gaby Lotan, Inocencio Cean and Athanasios Papageorgiou.

I was involved as an International Referee from 1993 until 2000. The most memorable events for me were:

2002 World Championships - Wisla (Poland),
2003 World Cup - Rhodes (Greece)

I was involved with Governance of the sport from 1997 until my involvement ceased in 2004. During that period I was first WOVD Vice President and then President.
